

Hull Auto Club - Velocette Trophy Trial, Wether Hill Farm, Farndale Sunday 27th June

We have now received the necessary permission from NYCC & NYMNP to run our trial on 27th June starting at 11:00.

Entries are now open via the ACU website on-line system and will stay open until Thursday at 18:00 unless full before then.

The event will consist of 4 laps of 10 sections for adults and Youth A, B and C. No D class or conducted.

To comply with the requirements of the NYCC to be able to run the trial we need 3 adult track crossing marshals – ideally 4 to do a relief system.

They could be parents who cannot get round the course walking, riders who would not normally ride this type of event or someone who wouldn't mind sitting at a track side for a few hours etc. If they have a trials bike, they could sign on as a marshal and do a stint at a road crossing for a certain time then move on to the next and between times the spare man could watch sections between those road crossings. For doing this job, we will offer these people a free ride for them or a family member at a later trial.

Please contact Jim Austermuhle on 01751 417455 if you can help.
